Matthew

Thanks for reaching out! I'm looking for university graduates or soon-to-be graduates to fill associate back-end engineer roles. Does that sound like something you'd be interested in?

Yes! I'm just finishing up my last year, studying Computer Science and actively looking for full-time roles. Could we set up a time to chat about the roles you're recruiting for?!

Absolutely! Send me your email and I'll send you a calendar invite!
